Bison Ranch  
Suite 6 P.O. Box 2041  
Overgaard, AZ 85933

This 30.59-acre parcel in Tamarron Ranches Unit 10 offers endless possibilities. County-maintained roads provide access to N8060, which is easily reachable and has good privately maintained access. Terrain is gently sloping, featuring a beautiful mix of pion and juniper trees, with nice views from various parts of the property. There are electric lines along N8368 on the east side of the property (availability should be verified with Navopache Electric). While N8368 is not maintained, it also extends all the way to AC8050 and is drivable with a higher clearance vehicle.
